

Plot in Lagos Centre

€165,000

Ref: BPA4232

A urban plot in the historic centre of Lagos town with an approved project to build a 3 level building.

This plot is set in the heart of the historical centre of Lagos, in a good position with an area of 128.5 m² that spreads out to two streets, with the possibility to have 2 main entrances. There is a project approved for the construction of a building with 3 levels and a roof terrace on a total of 340 m². This plot is a great opportunity as an investment as it is possible to build a residential apartment block, a guest house, a hostel or a second home where one can choose the details to match your taste and life style.
